Australia, 29 gen 2023:

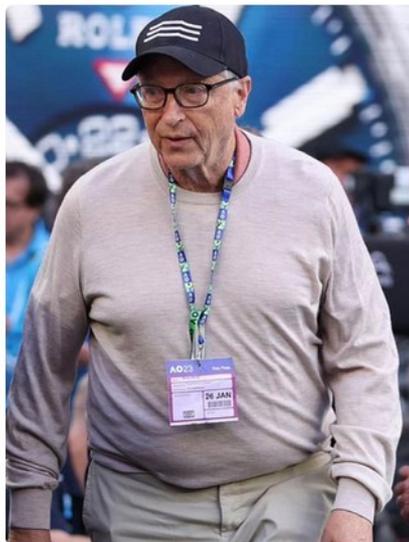

il tennista serbo Novak Djokovic, 35 anni, vince la finale in Australia in tre set, demolendo Stefanos Tsitsipas, di 24 anni, che è il numero 3 in classifica.

Novak, NON "vaccinato", e per questo arrestato in Australia nel 2022 e poi espulso dal paese perché ritenuto pericoloso per la salute pubblica, nel 2023 ha potuto giocare perché la finta pandemia covid e la truffa dei "vaccini" sono ormai palesi, e vincendo ha dimostrato che anche a 35 anni è più forte di un "vaccinato" 24-enne. Bill Gates, grande investitore nei falsi "vaccini", tifava per Tsitsipas, "vaccinato".

Last year Serbian superstar Novak Djokovic was deported by the Australian government as a danger to public health and deemed likely to inspire civil unrest by his mere presence. This year he proved them all wrong, winning his 22nd grand slam with vaccination fanatic Bill Gates in attendance.
